Company Information

The Music Circle was founded in 2008 to share our passion and love for music with as many people of all ages and abilities as possible. We are dedicated to inspire and change lives with professional, enthusiastic music tuition delivered by outstanding dedicated teachers.

"What is Music? Everybody loves music. Music is in everybody's hearts, what ever shape or form it may be."

The Music Circle stretches out to find what will make you shine. Whether you are looking to learn to play an instrument, prepare for your studies, learn for enjoyment, or looking for somebody to work with you to find your love for music, the Music Circle is here for you!

We offer everything you need to meet your goals and ambitions, whether you are looking to be a concert pianist, or want to play 'Happy Birthday' on the saxophone, we have outstanding resources to meet your needs. The Music Circle offers tuition on many different subjects (instruments).

Why Choose The Music Circle?

- Be part of a community and receive support
- Dedicated teachers, DBS checked (& cover teachers)
- Quality assurance: be assured students are taught correctly
- Office specialists, control and quality specialists
- Tuition programmes designed by our outstanding teachers, always being updated through our research programmes
- Tuition book and material lending provided in package
- Learn and play the music you love and meet your goals and ambitions
- Competitive prices (£150 cheaper than the average, per year)
- Performance opportunities
- Wider opportunities (groups and workshops, including theory)
- Rewards and achievement programmes
- Internal and external examinations
- Session notes (digital and/or hardcopy)
- Tuition at a studio, your home, online course, or online video call
- Focus on the 'all round musician' - tuition, performance, technique, presentation, health
- Lending library
- 100% customer satisfaction

- Promotes social skills
- Enhances coordination
- Increases personal responsibility
- Fosters self-expression and relieves stress
- Sharpens listening skills
- Creates a sense of achievement
- Teaches discipline
- Provides an insight into a range of cultures
- Develops a brighter future

Our Dedicated Teachers

All of our teachers/specialists are highly trained in their areas and have had training in order to provide the outstanding service we offer here at The Music Circle.

All of our specialists are DBS Checked and monitored regularly to ensure they deliver the level of service we aspire to.

Teachers/Subject Specialists:

Our teachers are the face of our business and primarily the most important as they provide you with the outstanding service we offer. Teachers vary from a Classical Piano Subject Specialist to a DJ Subject Specialist.

Office Specialists:

Our Office Specialists ensure everything runs smoothly and look after everybody that is part of The Music Circle. Whenever you have any questions or concerns they are there for you.

Control and Quality Specialists:

Our Control and Quality Specialists look after our brand ensuring everything looks its best and dealing with the technical issues, making sure everything works.

For more information:
www.themusiccircle.org

Session Durations

Session durations can be divided into smaller slots each week. E.g. 30 minutes - 3 x 10 minute sessions (Monday, Wednesday, Friday).

Tuition Delivery Methods

Online Video Call - Most Popular

In this modern day and age our lifestyles are extremely busy. Online Video Call tuition makes it easy for you take your lesson wherever you are without the need to travel. All you need is a tablet or phone (that has a camera and microphone) and access to the internet.

The Music Circle Studio

Enjoy our outstanding tuition at one of our contemporary studios that provide you with a relaxed, friendly environment to learn. All of our studios are equipped with specialist equipment and musical instruments. Our studios are simply the best place to learn and study with us.

Your Home

You may find that your busy lifestyle is preventing you from taking tuition as you are unable to get to The Music Circle.

Your School

If you are currently still in education we can deliver our tuition slots to you at your school. This means you are able to have tuition as part of your school curriculum.

Online Course:

We have a selection of courses and masterclasses available to get you started on your subject or develop an area of technique. These courses can be taken at your own pace at a time and place that suits you.

Performance and Student Opportunities

There are many opportunities throughout the year to perform and get paid work through The Music Circle.

Alongside this, The Music Circle hosts around two concerts each year to demonstrate what students have been working on and give students the opportunity to learn many skills that are learnt through performing.

Our concerts will be within the local area. We will ensure students feel relaxed and never pressured to do anything they are not comfortable with.

Having these performance opportunities gives students the confidence to do exams and prepares them for different scenarios they may face later in life.

Rewards and Achievements

Music Maestro

is awarded this certificate for

Date:

Teacher:

Learn to play an instrument with one of our teachers...

www.themusiccircle.org

Session Notes, Resources and Sheet Music

Session Notes:

Students will receive a tuition slot note at the end of each tuition slot. This is generally sent online and students can view their tuition slot notes on their online account.

Our tuition slot notes are closely linked to our bands and tuition programmes and provide 3 key areas for students to focus on until their next tuition slot.

Resources:

We have a dedicated research team consisting of our most advanced specialists that ensure we have the best possible resources available for each subject. Our resources are closely linked to our tuition programmes to ensure we create all round musicians that learn all of the necessary skills and technique when studying a subject. Our resources are consistently updated through new research to ensure we provide the most advanced tuition available to students at all times.

Sheet Music:

Alongside our resources we have a large database of sheet music available for students to ensure you learn what you want. This is extremely important to us at The Music Circle because we love students following their own chosen path whilst learning the skills required for their chosen subject. This creates musicians that are passionate about what they do and extremely competent and knowledgeable in their chosen area.

Lending Library and Tuition Programmes

Lending Library:

Our lending library provides our students and specialists with all of the materials required to learn the skills and technique of their chosen subject. Our lending library also consists of examination materials and thousands of books for students to explore without the need to purchase any books or materials. Our lending library has many different categories, not only does it include books with pieces to play on your subject but also reading books about music in all different areas and study guides for other areas of music study.

Learn Plans:

Our Tuition Programmes are constantly being updated by our research team and are designed for you. No more learning through old methods and teachers that aren't developing their teaching styles.

Here at The Music Circle, we all work together to provide you with everything you need to follow your chosen path. We have teachers available on many different subjects, whether you want to play the piano, find your voice or learn how to be a DJ or music producer.

Learn Plans

Our plans are innovative and unique providing you with an **online platform** that tracks your **musical journey**. You will receive feedback at every stage of your journey and our teachers are committed to supporting you with your study.

This results in lessons being part of the bigger learning journey and not the highlight of each week. Throughout the week, you can **upload videos** of you practicing and our teachers will respond with videos which means you are **always improving** and not waiting for the next lesson.

This approach works best through by having **online video call lessons** as part of the process which can be delivered for shorter durations but more frequent.

We know you are going to love this approach and we can't wait to start your musical journey with you. Our plans provide you with **peace of mind**. We want learning an instrument to be accessible to all and therefore everything is included in our plan prices. You will receive tuition for a **year**. If at any stage you want to end your musical journey, just let us know.

Receive a year of weekly lessons, consultation slots and access to all sheet music and resources when you choose any of our tuition packages below. This prevents any hidden costs ensuring you know the fixed monthly cost.

Learn Plan Packages - Explained

What are The Music Circle Learn Plans?

Our Learn Plans provide you with an all-round music education. We all learn in different ways and have different styles of living and therefore traditional weekly lessons have become hard to schedule into our busy lives. Our Learn Plans are completely flexible to meet your needs.

As part of the plan, you will receive:

- **Face-to-face lesson times** (like traditional lesson) however you can schedule them in chunks. It is proven to have a greater impact having three 10 minute lessons than one 30 minute lesson a week and our Learn Plans make this possible. You can receive your face-to-face time through online video calls, at a teacher's home or in your home.
- **Access to our Online Learning Platform.** Here you can track your learning journey, view and complete your assigned activities, view lesson notes, upload your practice sessions, receive ongoing feedback from your teacher and track your progress.
- **Access to Video Exchange learning.** Instead of waiting for your next lesson, you can upload a video of you practicing or of something you are struggling with and your teacher can respond with a feedback video recording to model or give you support. Having access to Video Exchange learning will provide you with unlimited 24/7 opportunities to learn and receive feedback.

Having a combination of live lessons, access to an online learning platform and video recording exchanges will provide you with a comprehensive, high-quality music education that will motivate and inspire you to constantly improve and progress at a faster rate than traditional weekly face-to-face lessons.

On top of this, you will also gain access to our resources and lending library. If you want to learn a piece of music, we will find the music for you or lend you any materials you may need. This means you will not have any surprise costs and your monthly payment will stay the same - making it easy for you to budget because we want music lessons to be accessible to all.

How are Learn Plans different from traditional face-to-face weekly lessons?

Learn plans are different to traditional face-to-face weekly lessons because you have unlimited 24/7 opportunities to learn and receive feedback resulting in a much faster rate of progress. If you are struggling, you do not have to wait until the next weekly lesson. You can engage with our Online Learning Platform, upload your practice sessions or engage in a Video Exchange.

What Learn Plan is right for me?

We have 4 different Learn Plans available. The plans are different in terms of **directed time** (the time spent by a teacher interacting with the pupil). Directed time includes lesson time, video exchange time and responding to feedback on our Online Learning Platform time. Directed time is monitored on our platform and each plan will indicate how much directed time weekly a pupil will receive on average (excluding school holidays). Any directed time left at the end of the year will be refunded in line with our policy. You should choose a Learn Plan that will meet your individual needs.

- Low: 20 minutes directed time per week
- Moderate: 30 minutes directed time per week
- Standard: 45 minutes directed time per week
- High: 60 minutes directed time per week

Learn Plan Packages

High

60 minutes directed time per week

Per Month

£93.60

Standard

45 minutes directed time per week

Per Month

£72.60

Moderate

30 minutes directed time per week
